

**Water and**  
*Environment Centre*

**WEC** is the Water and Environment Centre affiliated with Sana'a University, Yemen. Being a centre for research and education in the field of water management and environmental policy, it aims to provide quality consultancy services, research inputs and education for the Yemeni and regional water sectors.

### Short courses

WEC provides short courses for organisations on a range of water-related topics. Some examples:

- Wastewater collection (3 days)
- Wastewater treatment (3 days)
- Unaccounted-for water (4 days)
- Groundwater fundamentals (6 days)
- Water production (4 days)
- Water distribution networks (4 days)
- Water production and distribution for local councils (1 day)

### MSc in Integrated Water Resources Management

WEC is, with the assistance of a Dutch consortium led by Wageningen University, preparing the curriculum for an MSc in Integrated Water Resources Management: an interdisciplinary course combining technical, social, institutional, gender, economic and legal aspects of water management in Yemen and the wider Region. The course is to start the second half of 2005.

### Research and consultancy

WEC provides tailor-made research and consultancy inputs focused on both urban and rural water sectors. Additionally WEC offers laboratory testing services for water management institutions in Yemen.
